To whom it may concern:

This letter is an introduction to our builder Mr. Tim Sneller, whose services in completing the addition to our house on Mauwee Brook Way in Kent, CT were completed a year ago to our great satisfaction.

Mr. Sneller performed his promises and deliverables to the end of the project in a very satisfactory manner. We were pleased with his collaboration, his ideas and suggestions, and the workmanship which his team brought to us.

We recommend Mr. Sneller whole heartedly for the work he has done, and for his creative ideas in successfully completing the entire project.

Please feel free to contact me for any further details or questions.

Yours truly,

George M. Beylerian
